This form seeks information about your child's ethnic background. Our ethnic background describes how we think of ourselves. This may be based on many things, including, for example, our skin colour, language, culture, ancestry or family history. Ethnic background is not necessarily the same as nationality or country of birth. The DfES require this information and an accurate assessment of pupil's different ethnic background also attracts additional funding for your child's school.

These statistics will not allow individual pupils to be identified. From time to time the information will be passed on to the Local Education Authority and the Department for Education and Skills (DfES) to contribute to local and national statistics. The information will also be passed on to the pupil's future school, to save it having to be asked for again.
